

Review Board Paper Trail

Team 12

Robel Ayalew (Moderator)

Teresa Chai

Berk Erdal

Gary Ho

Leo Leyva

Banpreet Singh (Recorder)

Jackie Woo (PoC)

Project Goals

1

Ability to download an HTML file that contains:

- a. Review Summary
- b. Review Description
- c. Testing Done
- d. Commits
- e. Comments
- f. File Diffs

2

Being able to configure information in HTML by selecting:

- a. Inline vs Separate comments
- b. Issue Types
- c. Revision
- d. Files

Demo

Achievements, Partially Completed and Misses

1

Ability to download an HTML file that contains:

- ✓ a. Review Summary
- ✓ b. Review Description
- ✓ c. Testing Done
- ✓ d. Commits
- ✓ e. Comments
- ✓ f. File Diffs

2

Being able to configure information in HTML by selecting:

- ✗ a. Inline vs Separate comments
- ✓ b. Issue Types
- ✗ c. Revision
- ✗ d. Files

Challenges

1. Larger-than-expected learning curve on Review Board codebase
2. Understanding Django architecture
3. Team organization
 - a. Onboarding Teresa
 - b. Planning out tasks
 - c. Sticking to deadlines
 - d. Git best practices

Handoff Package

1. All code in team12-dev branch
2. No other external dependencies needed

Future Work

1. Be able to get file diffs that aren't compared to original (interdiffs)
2. Show inline comments
3. More automated tests
 - a. Currently have unit tests, mostly did manual testing
4. Collapsible folder structure
